20 of 20 review helpful 11 year old spa finder not much of a guide By Myra B I should have noticed the 1990 publication date but I didn't. It was only after I used the great system for identifying the right spa for me that I realized how badly outdated this book is. At least three of the recommended spas are nowhere to be found apparently out of business. And of course the pricing and program information is way way out. Join the five million people each year who are making health and fitness vacations today's hottest travel trend... Spa Finders' Guide to Spa Vacations. You'll find the widest possible range of spas... as well as unique spa tours and packages available exclusively through Spa Finders' Shape magazine. As founder of Spa Finders, the world's largest travel service dedicated solely to health and fitness vacations, Jeffrey J. From the Publisher. As this guide shows, merely slimming down and drying out do not exhaust the possibilities in the modern spa vacation. Nowadays there are spas for fitness and beauty, spas for luxury, spas for weight loss, spas for recuperation and spas for all.
