Disney World® 2008: with Universal Orlando and SeaWorld (Travel Guide):

6 of 6 review helpful Disappointed with the new book By Jill Although I've been to Disney with my family several times I pick up a guide book every year to brush up on an outside opinion on places we haven't eaten what construction is going on etc I had picked up the 2003 Fodor's Walt Disney World for Couples book and absolutely loved it When they discontinued the series I picked up this year's 2008 Guide book. It's Plummeting down Splash Mountain watching your daughter's eyes grow round at the sight of Cinderella's Castle waving a safari hat at Mickey mdash for many families a trip to Walt Disney World reg is the ultimate vacation While an unforgettable experience at Walt Disney World reg is virtually guaranteed it's easy to get overwhelmed by the expense lines reservation system and more Fodor's Walt Disney World 2008 relies on the accumulated knowledge of five Di In terms of comprehensiveness of coverage the very accessible format and the enthusiastic tone this series remains one of the best on the market ndash Booklist nbsp Fodor's super informative guidebooks are known for accuracy and attention to detail
