california adventure downtown disney disneyland paris or parc disneyland is frances version of the magic kingdom this guide to disneyland paris attractions contains short reviews and numer The Unofficial Guide to Disneyland 2014:

3 of 3 review helpful A good start but By K Wilson My mom had this book twenty years ago when we went to Disneyland as kids I remember reading it over and over again for the ride descriptions This edition has a wealth of information but the best information seems to be on their website I found the book to be meandering and disjointed For example they spend pages telling you what they are going to tell you lat A great destination and thorough preparation are what make a wonderful vacation and The Unofficial Guide to Disneyland makes Disneyland one of the most accessible theme parks in the world With advice that is direct prescriptive and detailed it takes the guesswork out of the reader rsquo s vacation Whether they are at Disneyland for a day or a week there is a plan for any group or family They can enjoy the rides activities and entertainment instead o About the Author Bob Sehlinger a Lowell Thomas Award winning journalist is best known as the creator and producer of The Unofficial Guide series He is credited with being the first to apply research techniques from the fields of operations
