Disneyworld with Kids, 5th Edition:

13 of 13 review helpful Who is this book for By edwardo Seems that cutting and pasting any old text together and calling it a book is what happened here With a book titled Disney world with kids you have to wonder when there are text entries such as skip this if you don t have kids I do not think the writer actually went near some of the attractions as the comments appear to be rehashings of older promotional In this guide to Disneyworld Jay Fenster offers a collection of information on Disney MGM the Magic Kingdom Universal Studios Sea World Islands of Adventure the Epcot Center and the rest of Orlando s attractions There are reviews of the rides and attractions including waiting times and which are the best days to visit Also included are details of hotels in Disneyworld and around Orlando information about restaurants and shops sports and other recreational faci From the Publisher Jay Fenster is a freelance travel writer internet consultant and fiction author
