By Robert Neff : Japan's Hidden Hot Springs there are hot springs on all continents and in many countries around the world countries that are renowned for their hot springs include honduras canada chile there are thousands of natural hot springs all over japan a trip to japan would not be the complete with out a visit to at least one hot spring ryokan inn Japan's Hidden Hot Springs:

0 of 0 review helpful Outdated book of not so secret onsen By Customer This book promises remote and hidden hot springs but in fact many of the onsen in this book are well known even famous I have personally visited several of them and I am by no means an onsen aficionado having visited only a handful of onsens in Japan The book is also extremely opinionated and he dismisses many fine locations in favor of Complete with maps and extensive advice this guide to Japan's hot springs is an invaluable resource for anyone travelling to Japan Easier to get to than many might imagine Japan's hidden hot springs are among the few remaining repositories of ancient Japanese ambiance and sensibility Bucolic and charming they bear little resemblance to the sterile clinic like spas of the West or to the concrete jungles of Japan's best known onsen towns The hot springs
